

2021 IMPORTANT UPDATE TO MARKET GUIDELINES AND RULES

The Downtown Mocksville Farmer's Market will open on Wednesday, May 5th at 3 p.m.

Here's what we're asking of our customers in order to provide the safest possible food shopping environment:

- Wear a mask at all times in the market.
- Bring hand sanitizer for use between booths.
- Only the farmers/producers will be allowed to touch the food. You may point to the food you want and the farmer/producer will weigh and bag it for you and hand your purchase to you.
- **PLEASE BRING ONLY SMALL BILLS TO MINIMIZE CASH TRANSACTIONS.** While some of our farmers/producers do accept cards, many are cash only.
- We will allow 10 people at a time to enter the market area.
- Please **DO NOT** arrive before 3 PM to allow our farmers and producers to properly set up their booths for the market. Thank you for helping us safely provide another source of fresh food!
