A CTP is a long-range planning document that will assist in making transportation decisions for the next 25 to 30 years and is required by [NC General Statute §136.66.2](#). The study is a joint effort with Davie County, Davie County Municipalities, the North Carolina Department of Transportation-Transportation Planning Division (NCDOT TPD), and Northwest Piedmont Rural Planning Organization (NWRPO). The CTP study involves both government officials and the public to determine the area's future transportation needs based on the best information available including, but not limited to, population, economic conditions, traffic trends and patterns of land development in the county. The study will also include multimodal forms of transportation (bicycle, pedestrian, and public transportation). Mocksville's most recent CTP was mutually adopted by the NC Board of Transportation in October 2011.

All meetings of the Board of Commissioners are open to the public in accordance with the North Carolina Open Meetings Law. The meeting facilities are handicap accessible, and anyone requiring special assistance should notify the Clerk to the Board at (336) 753-6700.

Lynn Trivette
Clerk to the Board
Town of Mocksville Board of Commissioners
